

Gwinnett Innovation Park Launches Entrepreneurs Hub, eHub

...Unique and Flexible Facility Options for Teleworkers, Entrepreneurs and Start-up Companies

Norcross, Georgia –June 7, 2010 - The Gwinnett Innovation Park announced today the launch of its innovative facility area, the Entrepreneurs Hub (www.ehubgwinnett.com). The Entrepreneurs Hub (eHub) offers a unique, affordable, low risk space alternative for start-ups, entrepreneurs, independent professionals and teleworkers. Located within the Gwinnett Innovation Park in Gwinnett County, Georgia, the eHub features plug-in ready work spaces for individuals and start-up companies within a shared Hub office. Just bring a laptop and you're in business. The location inside the Gwinnett Innovation Park builds on more than 20 years of commitment and success in understanding and supporting the needs of entrepreneurs as they create products, companies and jobs!

"We are responding to the need for this type of facility in our area. There are an increasing number of teleworkers and entrepreneurs that may generally work from their homes, but need an affordable, yet professional office for meetings," says Bonnie Herron, the Executive Director of the Gwinnett Innovation Park. "Also, some people just need to escape to a quieter office a couple of times a week. The Entrepreneurs Hub offers this professional escape in addition to more intangible benefits, such as access to other entrepreneurs and professionals. We recognize that entrepreneurs may want to work for themselves, but not necessarily by themselves all the time."

The Entrepreneurs Hub is designed to help entrepreneurs, business consultants, teleworkers and start-up companies focus on their business while the facility staff handles all infrastructure needs. Some of the flexible facilities and services include: fully furnished plug-in ready personal workstation with locked cabinet; use of 8 conference rooms with multimedia equipment; Wi-Fi in offices, conference rooms and common areas; Monthly or Day Pass options; optional light manufacturing/warehouse space and private offices available from 250 to 2,500 sq ft; individual company phone number and line with VOIP telephone system; security system with electronic access; mail and centralized package receiving so you never miss a delivery; loading dock/staging area and free parking adjacent to building. eHub will also hold workshops and seminars on topics of interest to entrepreneurs, consultants and small business owners. For more information and pricing regarding eHub, visit www.ehubgwinnett.com or email info@ehubgwinnett.com.

About Gwinnett Innovation Park (www.gwinnettinnovationpark.com)

The Gwinnett Innovation Park offers an affordable environment for new and growing companies. Entrepreneurs can focus on business development and enjoy an "instant home" for their company without having to deal with facility and infrastructure hassles or lock into long-term commitments. They also have access to the business expertise of on-site executives and benefit from peer interaction, shared services and an extensive network of resources. Sponsored by long-time technology pioneer, Intelligent Systems Corporation [NYSE Amex: INS], the Gwinnett Innovation Park is one of the most successful, privately funded incubation programs in the country. During its 20 year history, the Gwinnett Innovation Park has been

recognized as a top technology incubator and has been home to some 60 start-up companies that are estimated to have created more than a 1,000 new jobs in the Gwinnett county area.
